## OMAHA.

## NEW YORK.

OMAHA, July 8.—Capt. W. S. Stanton and assistant left here to-day for Lacote, the new fort on Loupe River.

107 IN THE SHADE—RAIN—CROPS. The mercury stood at 107 in the shade to-day. A heavy storm is coming up from the north, which will relieve the farmers and save the crops, though corn and oats have suffered from the drought, and are looking first rate. More rain has fallen in the interior of the State than along the Missouri River this year.

CAMELS' HAIR. A ton of camels' hair passed through here to-day, eastward bound.

## FANTHER PARTICIPANTS OF THE INDIAN FIGHT.

OMAHA, July 8.—Intelligence just received from Camp Brown states that on the 2d of July Company B, Second Cavalry, commanded by Capt. Bates, 25 Indian scouts under Lieut. Young, and 100 Bozons under Washlake, were by command of Gen. Sheridan and Ord, who were at the post, sent out in pursuit of a band of Sioux who had outraged and killed two white women in the vicinity of Camp Brown and committed other outrages. On the morning of the 4th of July about daybreak the Sioux were surprised in their camp, and after a short but sanguinary fight they were completely routed, with a loss of 50 killed and wounded, two hundred horses and a large number of prisoners. The troops lost two soldiers killed and four wounded, including Lieutenant Young, slightly.

## THE TURK.

INDIANAPOLIS RACES. INDIANAPOLIS, July 8.—The second day of the Indianapolis races was well attended, and the races were close and exciting. Two trots and a pace were the programme for the day. The first called was the 2:38 class, summary purse \$1,500, mile heats, three in five, to harness: Kansas Chief 3, 4, 4, 1, 1; Tom Wheeler 1, 1, 3, 2; Logan 4, 3, 2, 3; Annie Collins 2, 3, 4, 4; Cranger 5, 5, 6, 6; drawn time 2:31, 2:33, 2:34, 2:34, 2:34 and 2:33. In the pacing race Sleepy George was the favorite in the pools, and his friends came to grief. In the start for the first heat Evans and Ben Butler's sulks collided, the latter being so badly wrecked as to prevent him from going. The race was hot between Real Skin, George and Harry, Copper Bottom and Evans setting badly. Summary, pacing purse \$500, free for all pacers, mile heats 3 in 5 to harness: Seal Skin 2, 7, 1, 1, 1; Sleepy George 1, 1, 3, 4, 3; Harry 3, 3, 5, 2, 3; Mark Twain 4, 4, 5, 4; Charlie Evans 5, 2, 3, 5, 5; distance: Copper Bottom 8, 8, 9, 9, 9; Ben Butler 7, 6, 6, 6, 6. Time 2:22, 2:25, 2:20, 2:30, 2:33. Although it was now 6 o'clock the 2:40 horses were called and trotted three heats, two of which were won by Alden Goldsmith, latter in 2:39, 2:39, and one by Little Alfred in 2:37, when the race was postponed until tomorrow on account of the darkness.

## Demurrer Sustained.

MILWAUKEE, July 8.—In the United States District Court at Madison to-day the case of the bondholders of the Northern Railroad against the Railroad Commissioners, by an agreement of counsel the bill on which an injunction was applied for and denied was demurred to by the counsel for defendants. The demurrer was sustained and the bill dismissed. Thereupon the complainants appealed to the Supreme Court of the United States, where the whole question will be argued to-day. Messrs. Sloan and Dixon, attorneys for the State, applied to the Supreme Court of Wisconsin for an injunction to restrain the Chicago, Milwaukee & St. Paul and the Chicago & Northwestern roads from disobeying the railroad law. They gave notice that they would apply for a hearing on the 14th inst.

## MARTIN'S PENNY FARM.—James Land

las, who keeps a whiskey shop just outside the corporation limits, was charged before Mayor Dean yesterday on a charge of selling whiskey to a person intoxicated at the time of such selling. The case was postponed until Friday in order that the defendant might get an attorney. Jimmy thinks he is a persecuted man, but when he answers to eight other charges of the same kind for selling bad whiskey, then he will know to a certainty that he is persecuted, and very rightly too, for of all the saloonists that have ever held forth here, Jimmy is about the worst.

Quite a large crowd of the citizens here to St. Clairville to-morrow to attend the Temperance picnic at the Fair Grounds. A good time is anticipated by those who intend to go, and we wish they may not be disappointed.

The Ohio City nail works made a shipment to-day of two car loads of nails to the northern part of the State.

Rather a disgraceful row occurred at a boarding house near the Ohio City nail works, last night, between two brothers named Walls. One of them bit two fingers of the other to a nice jelly, when the complaint was returned by chewing the other's nose so as to favor an ill-looking piece of bologna sausage. No insurance.

The Wiggins Directory men were around among our business men taking from \$2 to \$5 for their little book, which tells you where your neighbors live and what they are doing.

The Mayor's report to the Council last night showed that \$80 had been collected during the month of June for fines and \$4 for license. No business of importance was transacted owing to the close proximity of the comet to the earth.

Nelson Madden, one of the shootists who was practicing on John Campbell on the night of the 3d of July, near the Sherman House, was before Esq. Eagleston to-day to answer a charge of shooting with intent to wound one John Campbell. Three of the witnesses who were examined swore that Campbell fired three shots at Madden before Madden commenced shooting. After hearing all the testimony of the witnesses, the Esquire discharged Madden.

Misses Sallie and Ella Swenney have returned from school at Mt. Notre Dame, Ind.

Coon Long must have been the red-hot man in town to-day. He was put in a tin roof on Medill's three-story building.

Mr. Burrows, of the Ohio City Nail Works, returned home last night from an extended trip North and East in the interest of the Works, of which he is Secretary.

BISHOP WHELAN'S FUNERAL.—A meeting of the Marshals of the various Catholic organizations was held last evening, to complete arrangements for the procession which will escort the remains of the late Bishop Whelan to the Cathedral. The following named gentlemen were present:

John Blaha, Jacob Dehu, of the St. Alphonsus Society.

J. Altmeyer, Wm. Myles, of the Young Men's Benevolent Society.

Ed. Larkin, Thos. Fahy, P. E. Carpenter, B. Heslin, Thos. Maloney, T. Davery, J. Wallace, of the Divisions of the Ancient Order of Hibernians.

D. J. McCormick, A. Rock, J. McDermott, of St. Patrick's Society.

William Russell and P. Gilligan, of the Society of the Immaculate Conception.

Masters Charles Miller, N. Rieter and J. Pender, of the Angel Guardian Sodality.

George Feeny was chosen as Grand Chief Marshal.

The place of meeting previous to proceeding to Ford's Crossing is the Catholic Institute. All societies to be in marching order at 7 o'clock.

The line of march is from Ford's Crossing up Chapline to 24th; down 24th to Market; up Market to 10th; up 10th to 10th; up 10th to the Cathedral.

The societies request that all business houses will close during the procession.

CULLEN, GALLIGHER AND O'LEARY.—There was trouble among these rival factions on Tuesday. "Squire Gillespie was appealed to, and settled the little differences as follows:

Frank Cullen, for committing an assault and battery on Mary Gallagher, was held in \$50 to appear and answer at the next term of the County Court.

Frank also threatened to shoot David O'Leary, and was required to find surety in the sum of \$50, conditioned to keep the peace for six months.

Bridget Cullen also threatened to shoot David O'Leary, and for such threat was compelled to furnish bond to the same amount as Frank.

Frank Cullen also committed an assault and battery upon David Gallagher, and he gave bond in this case in \$50 for his appearance to-morrow.

ANOTHER BOOBY ACCIDENT.—Lieut. Charles Williams and a lady were returning from Mrs. Fay's, on the National road, Tuesday evening, when the buggy in which they were riding from some cause turned over, throwing them to the ground. Mr. Williams received several very painful injuries. His right eyebrow was badly cut, and his head and body severely bruised. The lady escaped with a few slight scratches. The buggy was uninjured.

WILL ARRIVE THIS MORNING.—The remains of the Right Rev. St. V. Whelan, late Bishop of this diocese, are expected to arrive in the city about 8 o'clock this morning. They will be met at Ford's Crossing, South Wheeling, and escorted to the Cathedral by the different Catholic Societies. The funeral cortege will in all probability be one of the largest ever seen in this city.

A PLEASANT SURPRISE PARTY.—A select party of young people last evening invaded the hospitable mansion of our friend Spencer Zane, Esq., on the island, one of the pleasantest retreats in the city. Jimmy Rigby and an assistant furnished the music, and those present passed several happy hours with flying feet.

DAUGHTERS OF REBECCA.—A delegation of ladies belonging to the same came down from Steubenville last evening to participate in the installation of the officers of Wilsey lodge No. 2, at Odd Fellows' Hall. They were hospitably entertained, and all present enjoyed a pleasant time.

The latest attraction at Genther's Bird Store is the arrival of a stock of mockers. The Professor always has something new in his establishment.

## BELLATHER.—Council met last night and

transacted the following business: The report of the Mayor for the month of June was received and ordered placed on the minutes. According to the above report \$175.50 have been collected from fines and licenses during said month.

A matter which has hitherto been the cause of some difficulty between the Council and the Council, relating to the purchase of a small tract of land on the east side of the pike, and lying between York and South streets, twenty feet in width and extending from the centre of York to South. It was, therefore, moved and seconded that the city tender to said Crozier in payment thereof \$1,000 in bonds of \$500 each, payable consecutively in one and two years, and that the said Crozier be required to open Chestnut street immediately.

The Committee on Ordinances was requested to draft an ordinance relative to an issue of bonds for the new wharf now in contemplation, and which it is expected will be acted upon as soon as practicable. The site fixed upon is in the southern part of the city, near Butte & Danial's flour mill, at the junction of Main street, near the present landing. Perhaps no city of equal size on the Ohio river has as good facilities for a first class wharf as Bellaire.

Moved and seconded that the Street Commissioner be authorized to post bills on the bridge at the entrance of Chas. Henry's coal mine, notifying the public that the city will not be responsible for any damage that may accrue from said bridge.

The matter in relation to the exchange of the old county road for a tract of land bordering on said road in possession of William Barnard, Esq., including an excavation on the west side for the purpose of opening a street.

It was provided, that in case the exchange was made Wm. Barnard was to place said tract in as good condition as the old road which he failed to do. In consequence of this failure on the part of Barnard the matter was referred to Committee on Streets and Alleys.

Martin Tobias was arrested and brought before the Mayor on a charge of pilfering cherries from Ex-Judge Anderson, for which he was fined \$5 and costs.

Peter Burr, son of Jacob Burr, of Denwood, had his foot badly cut by a coal passing over it. Dr. Jenkins was called and dressed the wound.

The Bellaire Base Ball Club met last night in W. H. Grafton's gallery, organized, and elected the following officers: President, Dr. A. J. Sanders; Vice President, James Darragh; Secretary, Wm. McLaughlin; Corresponding Secretary, J. H. Grafton; Treasurer, D. J. Murray. A committee, consisting of James Darragh and Wm. McLaughlin, was appointed to confer with the City Council in regard to granting them full control of the Public Square so long as they may see fit to use it as a ball ground.

We feel like complimenting the firm of Nelson & Bros. on their new sign (the gilded padlock), which may be seen suspended at their hardware rooms, corner of Water and Second streets.

We were shown a very useful but simple and novel contrivance, patented by T. M. Seively, of this city, and successor to C. H. Quimby, news dealer, on Main street. The article referred to is a patent electric clip, on an entirely new principle, so simple in its construction that we cannot see how it can fail to give satisfaction.

Active preparations are being made and quite a number of our citizens are going to the mass Temperance Convention at St. Clairsville. It is expected that there will be some eminent speakers in attendance. The members of the reading circle go to Martin's Ferry to spend the day in the grove near that place. W. L. S.

THE MILL.—During the past six months the Top Mill turned out 117,778 kegs of nails. They did not commence running full turns until about the middle of January, previous to which they were only on half time, making a run of about five and a half months.

The Top Mill will not be running to-day, in order to allow the workmen, many of whom are members of the different Catholic Societies, to participate in the funeral obsequies of the late Bishop Whelan.

The night turn of the heaters at the Top Mill did not go to work yesterday afternoon on account of the extreme heat. The Arlington Store Works has been idle for about a week. Work will be resumed about the 20th inst.

The Belmont Mill suspended operations on the 3d instant for several weeks. The rest in the six months just past 111,100 kegs of nails were manufactured at this mill. The mill did not run up to its full capacity, having lost considerable time. Heretofore the Belmont has produced 125,000 to 130,000 kegs per half-year.

The La Belle Mill is still running, notwithstanding the excessive heat. The boilers knocked off on the first turn in the morning, and the night turn did not go on. Up to the 27th of June the La Belle made 83,100 kegs of nails. About six weeks' time was lost altogether. Considering the time, the production of the La Belle is very creditable.

POLICE COURT.—The business at this court yesterday was disposed of as follows: David Garvin, disorderly, \$3 and costs. Nick Reer, same, \$5 and costs. Joshua Miller and Frank Leazure, drunk, \$20 and costs each.

The case of Charles Whitney, charged with disorderly conduct, was continued until this morning and a rule issued for absent witnesses.

CAMP MEETING.—All lot holders, and those wishing to obtain lots on the Mountaineer Camp Grounds, will please meet the Committee on Lots on the Camp Ground on the 21st inst., between the hours of 9 o'clock A. M. and 3 o'clock P. M. By order of the Board.

L. O. O. F.—Second Grand Anniversary and Ball of Clarion Lodge No. 525, L. O. O. F., July 10, 1874. For Clarion on the 10th day of July, the steamboat Tempest will leave Wheeling at 6 o'clock A. M., Bellaire and Denwood at 6 A. M., Mountsville at 7 A. M., and Pottsville at 9 A. M., arriving at Clarion at 11 o'clock A. M.

From Wheeling, round trip, \$1.00. Bellaire and Denwood, round trip, 50 cts. Mountsville, round trip, 75 cts. Pottsville, round trip, 1.00.

PLAID Wash Sash Ribbons for children's wear, 40c a yard, at A. L. Rice & Co's.

A NICE SHIRT-OF-TATTS PIANO in good order, very suitable for a beginner, for \$50, at Shelby's Music Store, 1114 Main street.

## Mrs. ELIZA DAVIS, a lady who lived in

Brooke county, many years ago, and who has been living in South Australia since 1857, is back on a visit to her friends in this part of the country. She left South Australia on the 21st of April, coming by steamship via New South Wales, the Fegea Islands and the Sandwich Islands to San Francisco, from whence she came by cars across the continent. Truly this is a long and venturesome trip to make to see one's friends. Mrs. Davis is stopping for a day or two in the city, with the family of J. H. Pendleton, Esq.

AFTER 3 o'clock this morning a refreshing rain began falling, with a fair promise of becoming a good hearty shower, for which Heaven be thanked.
